Registration Fee

The Registration Fee is non-refundable and is payable when an offer of a place is made by the school management. Payment of the registration fee assures the student of a place at our school. The Registration Fee is paid once only, but is upgraded throughout the student's time at the school. Those students moving to a higher year group will need to make up the difference in registration fee over the years. For example, when a child moves from Nursery into Reception, an extra US\$400 must be paid (US\$900 - 500 = US\$400).

Discounts on tuition fees

We offer a discount of 15% off tuition fees for the second, third or fourth child enrolled at our school from the same family. We also offer a discount of 5% off tuition fees for students who have been enrolled at the school for at least three consecutive years.

Payment of tuition fees

Tuition fees can be paid either annually or by instalment. Where payment is made annually in one lump sum, it works out to be 10% cheaper than paying in instalments. To qualify for this reduction in costs, the annual lump sum **payment must be made before 13th of August 2008**.

When Instalment payment was chosen, a deposit of 800USD for students of all year groups and 400USD for half day students are required at the beginning of the school year.

Tuition fee payment dates are as follows: **First instalment** – August 13, 2008
Second instalment – November 26, 2008
Third instalment – March 18, 2008

Instalments must be paid on time to ensure a student's continued registration at our school.

Additional payment for students receiving English as an Additional Language (EAL) support

EAL support is free of charge for the first four terms. Students will be evaluated by management at the end of this time and if it is decided that students still require EAL support, an EAL fee of US\$1000 for the 5th term will be required.

Refund policy on the withdrawal of a student's registration

The school operates a no refund policy concerning any portion of instalments paid. However, where parents have paid the annual fee as a single lump sum, the school will return the remaining unused portion subject to at least one month's notice of the withdrawal of a student (in writing). The instalment term that has already started will not be counted as part of the refund. If the withdrawal of a student is made after August 13, we deduct one instalment fee from the annual fee and return the balance. If the withdrawal notice is given after November 26, we deduct two instalment fees from the annual fee and return the balance. If we receive notice of the withdrawal of a student after March 18 we provide no refund.

The school will refund the full deposit to the student subject to one month's notice of the withdrawal in writing or the tuition payment is switched to be paid annually.

Responsibility for payment of tuition fees

A child is considered to be a registered student at The ABC International School only when full payment of either the annual fee or an instalment has been made. Parents/guardians of students are responsible for ensuring payment is made in good time to ensure such registration. The school will not communicate with any company or business regarding outstanding school fees which have not been paid on behalf of the children of employees.

Important notice:

Due to large fluctuations in exchange rates offered by banks resulting in the loss of large amounts of money during transactions, we temporarily unable to accept payment of tuition fees and registration by bank transfer. Payment can only be accepted in CASH (either VND or USD) at the administrative office.

This is a temporary measure until the situation changes.

Payment of bus fees, uniform fees and school dinner fees

Only cash payments are accepted for the above. Please make payment at the relevant administrative office.
